REPORT

of the

President and Directors

of the

Atlanta and West Point
Rail Road Company

to the

Stockholders in Convention

for the

Year Ended December 31, 1960

Board of Directors

WILLIAM N. BANKS, *Grantville, Georgia*
EDWARD G. COLE, JR., *Newnan, Georgia*
WILLIAM H. KENDALL, *Louisville, Kentucky*
JOSEPH L. LANIER, *West Point, Georgia*
J. CLYDE MIXON, *Atlanta, Georgia*
W. THOMAS RICE, *Jacksonville, Florida*
SAMUEL R. YOUNG, *College Park, Georgia*

Executive Committee

WILLIAM H. KENDALL
J. CLYDE MIXON
W. THOMAS RICE

The Staff

J. C. MIXON, *President and General Manager*
T. C. BULLARD, *Secretary and Treasurer*
HEYMAN, ABRAM & YOUNG, *General Counsel*
B. A. CULPEPPER, *General Auditor*
E. J. HALEY, *General Superintendent*
MARSHALL L. BOWIE, *Director of Personnel*
J. B. WILSON, *Chief Engineer*
J. B. PACE, *Purchasing Agent*
W. T. MARTIN, *Freight Traffic Manager*
W. W. SNOW, *Passenger Traffic Manager*
J. E. SAUCIER, *General Development and Real Estate Agent*

—Decrease.

* Restated.

TO THE STOCKHOLDERS:

A report of the operations of your company for the year 1960 is submitted herein.

EARNINGS

Net income after fixed charges amounted to \$113,087, or \$4.59 a share of common stock, compared to a net income of \$170,006, or \$6.90 a share of common stock in 1959. While operating income declined due to general economic conditions, earnings received strong support from miscellaneous income resulting principally from industrial property transactions. No income tax accrued in the year due to tax credits from amortization of certain investments in equipment and facilities brought forward from previous years.

DIVIDENDS

Stockholders received dividends of \$2 a share as of August 1, 1960, and \$2 a share as of December 20, 1960.

OPERATING REVENUE

Total operating revenues for the year decreased \$143,117, or 3.75% over 1959, but operating expenses were decreased \$96,351, or 3.00%, to hold the net increase in the operating ratio to 0.77%.

FREIGHT

Freight revenue decreased 3.00%. Freight ton miles increased 4.06% and total tons handled increased 4.36% but revenue per ton mile decreased 6.79%. This decrease is due to the continuing necessity for meeting the competition of other modes of transportation and a change in the class of commodities handled during a recessionary period which saw some heavily supporting industries cutting back in their production.

The statement on page 17 shows heavy increases in road aggregates but large decreases in products associated with the metals, cotton milling and paper industries. Bright promises of improvement at the beginning of 1960, following the settlement of steel and coal difficulties, were affected by severe weather conditions in the early spring and then faded further over the remainder of the year under the influence of a receding general economy.

Effective October 24, 1960, on interstate traffic, we joined with other rail carriers in a very nominal increase in freight rates and charges. If similar increases become applicable to intrastate traffic, we estimate an increase of 1.67% in freight revenues but this will not be sufficient to meet increases which have already developed in unit operating costs.

Competition with other forms of transportation con-

tinues vigorous and is being met with alert and intensive sales efforts. We remain sensitive to these problems and each is being given realistic and progressive treatment. Service continues adaptable and rates are under constant study in efforts to prevent diversions of traffic and attract a larger share to our line.

The year 1960 saw new beginnings in piggyback service between Atlanta and some of the Gulf ports. This type of business is expected to move forward in 1961 and succeeding years.

PASSENGER, ALLIED AND MISCELLANEOUS

The constant decline in passenger traffic during the past few years was arrested in 1960 and we saw an increase of 0.56% in passenger revenue and an increase of 3.68% in passenger miles traveled.

Mail revenue decreased 8.4% due to decline in volume. In conjunction with other lines we, in August 1960, made application for an increase in compensation for handling mail and on November 17, 1960 an increase of 13% in mail pay was granted to be effective as of September 1, 1960. Our revenue from this source should therefore improve in 1961.

Express revenue decreased 15.0%. The volume of this traffic has declined due both to competing means of transportation and general economic conditions. There are serious threats of diversion of large segments of this business but we are working diligently with Railway Express Agency in efforts to retain it.

Miscellaneous revenue declined 3.3% due to decrease in switching service and joint facility credits.

OPERATING EXPENSES

During 1960 there were further increases in unit costs of labor and material. By close control of maintenance expenditures, train, yard, agency, allied transportation and other operations, substantial reductions were achieved to hold the operating ratio within reasonable alignment while continuing to provide an adequate service.

Recently acquired and augmented track maintenance equipment along with a reorganization of roadway forces was of substantial benefit in accomplishing this result.

Progress continued in mechanized reporting and accounting procedures.

RAILWAY TAX ACCRUALS

Railway tax accruals decreased \$9,893 or 4.5%.

Congressional action, effective June 1, 1959, increasing the rate and base for unemployment and retirement taxes on payrolls for railroad employees resulted in an increase in payments for these purposes although total

employment declined. These increases, however, were more than offset by decreases in property tax and lower payments for use tax due to reductions in the amount of materials used.

Because of amortization credits from former years no income tax was payable in 1960. Additional such credits remaining and resulting from other sources will probably offset any income tax accruals in the year 1961.

EQUIPMENT RENTS

During 1960 mileage rates on privately owned freight cars were substantially increased and some of our passenger cars had to be removed from through train service for repairs. The return of passenger cars to service late in the year arrested the net payments for this class of equipment. Mileage rates payable for private line cars will continue at a high level.

Late in the year we received 20 new standard box cars and 10 new specially equipped box cars, which will aid in meeting loading requirements for this class of equipment and improve service to some of our on-line shippers.

WAGE AND LABOR NEGOTIATIONS

Agreements disposing of demands made in 1959 by organizations representing employes for increased wages, longer vacation periods, increase in the number of paid holidays and improved health and welfare benefits were reached, on a national basis, during 1960. Accumulated cost of living increases of 17 cents an hour resulting from prior agreements were incorporated into base rates. Upon rates thus produced, operating employes were granted increases of 2% effective July 1, 1960, and 2% effective March 1, 1961. Equivalent increases of five cents an hour, effective July 1, 1960, and enlarged health and welfare benefits and insurance coverage, effective March 1, 1961, were granted non-operating employes.

Your company, along with other railroads who had been pressing proposals for the elimination of "feather-bedding" rules, agreed to submit their dispute to a Commission to be established by the President of the United States. The Commission, established by Executive Order effective January 1, 1961, is empowered by agreement to investigate the facts in the work rules and practices issue, and report its findings and recommendations to the President by December 1, 1961.

CAPITAL EXPENDITURES

During the years 1946 through 1960 expenditures of new money for improvements in property amounted to \$5,509,872, which is 73.51% of the total investment at the close of 1945. At the end of 1960 all debt for such purposes amounted to \$1,050,788 which in-

cludes \$248,400 added for a portion of the purchase price of new freight cars delivered during this year.

In 1960 we purchased 20 new 50-ft. box cars of conventional design and an additional 10 similar cars equipped with special loading devices. 2.22 miles of new 115-pound rail was laid to replace 100-pound rail in main track between East Point and West Point.

Late in the year a start was made toward the retirement of approximately 9 miles of second main track east of Palmetto. The maintenance of this double track is no longer justified by operations. Materials recovered will be used for general maintenance purposes thereby saving the cost of new material purchases. Maintaining unneeded tracks will be avoided in future years with resulting savings in operating expenses. Because the cost of retiring this obsolete track and the necessary rearrangement of signals would seriously distort current operating accounts, the Interstate Commerce Commission has authorized charging it to surplus instead of the current income account.

INDUSTRIAL DEVELOPMENT

During 1960 eight new industries served directly by your railroad located at seven points on the line. The St. Joe Paper Company acquired a 25 acre location in the industrial area developed by your railroad at College Park, Ga. and announced the construction of a paper converting plant for completion in 1961. Plans called for the provision of approximately 160,000 sq. ft. of floor space at an estimated cost of two and one-half million dollars.

Plants, under construction late in 1959 by American Can Company at Newnan and Scholle Atlanta Corporation at College Park, were placed in operation during 1960 and are moving substantial shipments over your rails. Extensive street, highway and utility improvements in south Fulton County are continuing and will provide attractive advantages for increased industrial expansion in that area.

Possibilities for continuing development of the entire area served by your line are encouraging. Full cooperation is being extended to all interested agencies and all prospects receive alert and close attention.

GENERAL

Disappointment continues because of the lack of constructive legislation to relieve railroads of inequalities which prevent free competition in the transportation industry. Among corrective measures are permission for railroads to diversify their services; the assessment of adequate user charges against their competitors for facilities supplied by the taxpayers; exemption from regulations which prevent fair and equal competition with other modes of transportation; realistic depreciation allowances to permit tax-deductible re-

serves for construction and equipment purchases; and equality in taxation. No less is comprehended in the free enterprise concept. Relief will come only from wide public support of this program of equality in treatment which is now before the national Congress. Expression of your views and those of your friends to your representatives in both the House and Senate will be helpful and is strongly urged.

1960 began with expectations of a general economic resurgence following the difficulties in the steel industry. A prolonged period of bad weather in this area impeded recovery, and then a recession of national proportions held business to low levels throughout the

remainder of the year. There was no upturn at the beginning of 1961 but most economists seem to be of the opinion that low inventories and some quickening of the national pulse will be reflected in a cycle of improvement to begin over the next few months. Your company will continue alert to possibilities for improved operations and business prospects.

In late February and early March, 1961, unprecedented rains and flooded streams caused much damage to your road bed and some interruption of service but the extent was not sufficient to seriously affect the financial strength of your company.

MILEAGE OPERATED

Miles of road operated at December 31, 1960, were as follows:

MAIN LINE:

Atlanta to West Point, Ga.:

Owned property deeded.....	85.72	
Less—Leased to Atlanta Terminal Company.....	0.10	85.62

Hulsey Junction to Oakland City—Owned property deeded.....	5.16	90.78
--	------	-------

TRACKAGE RIGHTS:

Atlanta Terminal Company, Atlanta, Ga.....	0.46	
Central of Georgia Railway, Oakland Junction, Ga.....	0.05	
Georgia Railroad, Atlanta Joint Terminals.....	2.02	2.53
Total mileage operated.....		93.31

Total mileage operated in freight and passenger service was 90.44 and 86.08 miles, respectively.

PROPERTIES—ROAD AND EQUIPMENT

Changes in road and equipment accounts are summarized as follows:

	Total	Road	Equipment	General Expenditures
Balance, January 1, 1960.....	\$ 10,416,787	\$ 5,509,408	\$ 4,792,487	\$ 114,892
Additions during year.....	391,623	80,243	311,380	
Total.....	10,808,410	5,589,651	5,103,867	114,892
Retirements.....	29,246	9,767	19,443	36
Balance, December 31, 1960.....	10,779,164	\$ 5,579,884	\$ 5,084,424	\$ 114,856
Less donations and grants.....	69,020			
Investment in transportation property.....	\$ 10,710,144			

Principal additions to property consisted of the following:

ROAD:

Increased weight of rail and track fixtures.....	\$ 60,192
Flashing light signals, Newnan, Ga.....	9,969
Total	<u>\$ 70,161</u>

EQUIPMENT:

Purchase of 30 new all steel box cars.....	<u>\$ 310,615</u>
--	-------------------

TAXES

The following shows amounts of various taxes accrued compared with preceding year:

	1960	1959	Increase —Decrease	
			Amount	Per Cent
UNITED STATES GOVERNMENT TAXES:				
Railroad Retirement.....	\$ 73,154	\$ 73,150	\$ 4	0.01
Unemployment insurance.....	40,649	38,564	2,085	5.41
Other.....	1,330	1,502	—172	—11.45
Total.....	<u>115,133</u>	<u>113,216</u>	<u>1,917</u>	<u>1.69</u>
STATE AND LOCAL TAXES:				
Property.....	72,607	79,296	—6,689	—8.44
Sales and use.....	18,931	24,669	—5,738	—23.26
Other.....	3,515	2,898	617	21.29
Total.....	<u>95,053</u>	<u>106,863</u>	<u>—11,810</u>	<u>—11.05</u>
Total railway tax accruals.....	210,186	220,079	—9,893	—4.50
Taxes on nonoperating property.....	9,777	9,904	—127	—1.28
Total all taxes.....	<u>\$ 219,963</u>	<u>\$ 229,983</u>	<u>\$ —10,020</u>	<u>—4.36</u>

Your board and management expresses sincere appreciation to our faithful employees and to our loyal and capable managerial staff.

By order of the Board of Directors:

J. C. MIXON
President and General Manager

HASKINS & SELLS

ACCOUNTANTS

HEALEY BUILDING

ATLANTA 3

ACCOUNTANTS' OPINION

Atlanta and West Point Rail Road Company:

We have examined the balance sheet of Atlanta and West Point Rail Road Company as of December 31, 1960 and the related statements of income and of retained income - unappropriated for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of income and of retained income - unappropriated present fairly the financial position of the Company at December 31, 1960 and the results of its operations for the year then ended, in conformity with principles of accounting prescribed or authorized by the Interstate Commerce Commission applied on a basis consistent with that of the preceding year.

Haskins & Sells

STATEMENT OF RETAINED INCOME—UNAPPROPRIATED

CREDITS

Retained income—unappropriated, January 1, 1960	\$ 4,501,889.99
Net income for the year	113,086.98
Total	<u>4,614,976.97</u>

DEBITS

Dividends to shareholders:	
\$2 a share paid August 1, 1960	\$ 49,272.00
\$2 a share paid December 20, 1960	49,272.00
Total Debits	<u>98,544.00</u>
Retained income—unappropriated, December 31, 1960	<u>\$ 4,516,432.97</u>

NOTES TO FINANCIAL STATEMENTS

1. At December 31, 1960 the accumulated income tax reductions realized, because of the deduction for income tax purposes of the excess of amortization of the cost of certain facilities over recorded depreciation, were approximately \$472,000, of which \$10,000 is applicable to 1960 and \$74,000 to 1959. No income taxes are payable for those years. Because of such deductions for the past few years, a loss carry-forward is available which can be offset for income tax purposes against profits which may be realized within the next three years.
2. The Company, together with Southern Railway Company and Central of Georgia Railway Company, jointly and severally guarantees unconditionally the payment of principal and interest of the first mortgage series A, 4% bonds of Atlanta Terminal Company due August 1, 1969, of which \$711,000 were outstanding at December 31, 1960.
